

**【Merit in details ①Organic Matter Mixture】**

- The motion of chisel as for the 2D action is one direction.
- The 3D action realizes high efficiency motion using a whole container side.
- It is feasible that the 3D action was not possible conventionally.

## 2-D Mixture ⇒ 3-D Mixture

**2-D Mixture**  
There are many irregular(patch).

**3-D Mixture**  
There are no irregular(patch).
